### **Treatment of Federal Student Aid-Title IV-When a Student Withdraws-Requirements of 34 CFR 668.22**

AIU follows the federal Return of Title IV Funds Policy to determine the amount of Title IV aid a Student has received and the amount, if any, which needs to be returned at the time of withdrawal. Under current federal regulations, the amount of aid earned is calculated on a pro rata basis through 60% of the term. After the 60% point in the term, a Student has earned 100% of the Title IV funds. AIU may adjust the Student's account based on any repayments of Title IV funds that AIU was required to make. For details regarding this policy, please see the [AIU catalog](#).

### **Drug and Alcohol Abuse Prevention Information**

In accordance with the requirements of the Drug-Free Schools and Communities Act of 1989 (Public Law 101-226), and the Drug-Free Workplace Act of 1988 (Public Law 101-690), our University provides all students and employees with the following information concerning University policies and the consequences of the manufacture, distribution, possession, or use of any drug made illegal as a matter of federal, state or local law or the illegal possession and/or use of alcohol. In addition, the University conducts a biennial review of its drug and alcohol abuse prevention program to determine its effectiveness and ensure that sanctions are being consistently enforced. For more information about the biennial review, contact the Vice President, Policy and Administration. The University also enforces all federal, state and local drug laws, and also enforces the state's underage drinking laws.

Students must notify the Director of Student Experience, in writing, within 10 days of being convicted of a criminal drug statute at the University. Disciplinary action will occur within 30 days of receipt of the written notification and may range from a letter of admonishment to dismissal from the University.

#### *Policy Regarding the Possession, Use and Sale of Drugs and Alcohol*

Students and employees are prohibited from unlawfully manufacturing, distributing, possessing, or using drug made illegal as a matter of federal, state or local laws or illegally possessing or using alcohol while on University property or misusing alcohol while participating in any University or work-related activity outside the University or workplace. Violation of this policy will subject students or employees to corrective action up to and including dismissal or termination of employment. In addition, a violation may result in local, state, and/or federal criminal charges.

#### *Enforcement of State and Federal Laws Related to Drugs*

The University enforces all federal, state, and local drug laws. This policy applies to all students, employees, and visitors. Many of the acts which violate this policy also violate criminal law and must be referred for prosecution.

Legal sanctions under local, state, and federal laws may include:

- suspension, revocation, or denial of a driver's license
- loss of eligibility for federal financial aid or other federal benefits
- property seizure
- mandated community service
- felony conviction that may result in 20-50 years imprisonment at hard labor without benefit of parole
- monetary fines

#### *Enforcement of State Laws Related to Underage Drinking*

The University enforces all state laws related to underage drinking. This policy applies to all students, employees, and visitors. State laws related to underage drinking prohibit persons under 21 years of age from possessing or consuming alcoholic beverages. Furnishing alcoholic beverages to underage persons is also prohibited. No person under legal drinking age or any obviously intoxicated person shall be furnished, served, or given an alcoholic beverage.

#### *Drug and Alcohol Abuse Prevention*

In addition to local and state authorities, the federal government has four agencies (the Drug Enforcement Agency, U.S. Customs Service, Federal Bureau of Investigation, and the U.S. Coast Guard) engaged in combating illicit drugs. One should be aware that:

- it is a crime to hold someone else's illicit drugs
- it is a crime to sell fake "dope"

- it is a crime for being in a house where people are using illicit drugs, even if you are not using them
- it is a crime if drugs are in your locker, car, purse, or house which is considered "constructive possession"

Drug abuse, which can affect one's physical and emotional health and social life, is the utilization of natural and/or synthetic chemical substances for non-medical reasons to affect the body and its processes, the mind and nervous system, and behavior. Drugs can be highly addictive and injurious to the body. Among the manifestations may be loss of sense of responsibility and coordination, restlessness, irritability, anxiety, paranoia, depression, acting slow-moving, inattentiveness, loss of appetite, sexual indifference, coma, convulsions, and death.

There are classic warning signs that could be indicative of drug use. These signs include:

- Unexplained change in personality or attitude
- Drop in attendance and performance at work or school
- Deterioration of physical appearance, personal grooming habits
- Sudden mood swings, irritability, or angry outbursts
- Unexplained need for money or financial problems. May borrow or steal to get it
- Engaging in secretive or suspicious behaviors
- Sudden change in friends, favorite hangouts, and hobbies

Information regarding the effects of commonly abused drugs may be found online at <https://www.drugabuse.gov/drugs-abuse> .

Drug and alcohol abuse education programs are offered by local community agencies. The University will post information about such education programs with the Director of Student Experience.

In certain instances, students may be referred to counseling and/or a substance abuse help center. If such a referral is made, continued enrollment is contingent upon attendance and successful completion of any prescribed counseling or treatment. The cost of such assistance or treatment will be the responsibility of the student. Students who are seeking treatment for a substance abuse problem may contact the Director of Student Experience. Confidentiality will be maintained. In addition, students who believe they have a substance abuse problem may find sources of treatment or advice by referring to the section of the local telephone book headed "Drug Abuse & Addiction Information and Treatment."

Employees with questions or concerns about substance dependency or abuse are encouraged to discuss these matters with their manager or Human Resources to receive assistance or referrals to appropriate resources in the community. Employees may also contact the Employee Assistance Program (EAP) by calling 1-800-272-2727.

*There are also national organizations that may be contacted for help, such as:*

- The Alcoholism and Drug Abuse Hotline 1-800-ALCOHOL (1-800-252-6465)
- National Drug Abuse Helpline 1-866-874-4553
- The National Institute on Drug Abuse Treatment Referral Hotline 1-800-662-HELP (4357) or <http://findtreatment.samhsa.gov/>
- Al-Anon for Families of Alcoholics 1-800-344-2666
